HOW TO ORDER

1. Print this form and only fill in the fields that apply to your requirements.
Should you require a site visit there is no need to post this form to us. However, it may help if you have it to hand when you contact us to arrange a time and date.
2. When sending printed targets for remote profiling package with care. Place targets in a board backed envelope with a single clean white sheet of paper covering the printed surface. The surface of the prints will be better protected if they face away from the front of the envelope.
3. For remote profiles send the printed form with your payment and any printed targets to the above address.
